OUR HEADTEACHER

Assalamu Alaikum wa Rahmatullahi wa Barakatuh,
It is an absolute privilege to serve as the Head Teacher at Havering Islamic Centre Madrasah. I studied in Jordan for two years and spent four and a half years in the UAE, where I completed my bachelor's degree in Islamic Studies. My passion lies in providing our children with a strong foundation in faith, knowledge, and character.

At our madrasah, we focus on quality learning, correct pronunciation, and a deep understanding of Islamic teachings. Every child progresses at their own pace, and our dedicated teachers ensure that each student receives the attention they need to excel.

CONTINUED

We value your trust and partnership in this journey and encourage open communication to support your child's development.

As we approach Ramadan, let us remind ourselves of the importance of community, patience, and sincerity in our efforts. We look forward to working together with you to create an enriching experience for our students.

May Allah (SWT) bless our children with beneficial knowledge and grant them success in both this life and the Hereafter.

Jazakumullahu Khairan,

Xhevdet Rizahi

Head Teacher

Havering Islamic Cultural Centre

OUR FUTURE

The Havering Mosque aims to symbolise community unity and the growth of Havering Islamic Cultural Centre since its inception. Designed with our Madrasah in focus, the Mosque will enable us to offer improved services in a space that prioritises the safety of our children. This vision will facilitate the enhancement of our current educational offerings.

RAMADAN FUNDRAISING

Dear parents and guardians,

As part of our fundraising efforts, this year we have decided to get our students involved. Since they are the future, at HICC we believe it is crucial to include them in the process.

The campaign “Your Mosque, Our Mosque, My Mosque” aims to teach children the importance of charity.

With this in mind, we have given your child a box to collect as many donations as they can during the month of Ramadan.

Below you will find the instructions that have already been explained to the students. We kindly request that you encourage your child to collect and perhaps earn the donations.....what better way to get them to help with the housework or even get them to clean the car?

We promote healthy competition between the students so during the Eid event (Saturday 5th April 2025) there will be prizes presented for the top 3 student fundraisers. We will however, celebrate every child’s achievement so they will all be rewarded for their efforts.

All donations will go towards to the new mosque fund

INSTRUCTIONS

- 1.Fill up your box with donations from friends and family
- 2.Once full, ask an adult to help you count all of it and make a note of the total in your HICC planner.
- 3.Put all the money in a secure bag and let mum and dad keep it in a safe place for you.
- 4.Then you start again; collecting as much as possible. Each time you fill it up, count it out and write down the total in your planner.
- 5.Bring all the money you collected with your box back after Ramadan.
- 6.We will come and collect it all up and write down your total next to your name.
- 7.Remember....it’s a competition so who will collect the most? Will it be you?
